Ethnographic Discourse Analysis and Social Science Drawing on the perspectives of ethnography and discourse analysis, this paper first gives an overview of the emerging body of research bringing together the epistemologies and the methods of these two perspectives.

Ethnographic Discourse Analysis and Social Science ...

Critical discourse analysis takes linguistic and psychosocial approaches one step further by analysing the data from a decidedly critical stance. These analyses examine the discourse – the social ‘story’ at play in the investigation – but also ask why that particular person is relating that particular tale.

Critical Discourse-Ethnographic Approaches to Language ...

Critical discourse analysis (CDA) is an interdisciplinary approach to the study of discourse, or put simply talk and text, that views language as a form of social practice. Scholars working in the tradition of CDA generally argue that (non-linguistic) social practice and linguistic practice constitute one another and focus on investigating how societal power relations are established and ...

Critical legal studies (CLS) is a school of critical theory that first emerged as a movement in the United States during the 1970s. Critical Legal Studies adherents claim that laws are used to maintain the status quo of society's power structures; it is also held that the law is a codified form of society's biases against marginalized groups. Despite wide variation in the opinions of critical ...
